2020 CATALOG
QUALITY HANDCRAFTED FURNITURE SINCE 1972
The HTC Story / Looking Ahead to 2020
“Our Growing Hostetler Family Heritage”

“The History of Hostetler Tables & Chairs is woven throughout four generations of the Hostetler family. What began decades ago continues today, and our hope is that you will recognize and appreciate all that we have accomplished in carrying on our rich family tradition in furniture making. Unique designs, crafted to achieve the ultimate in comfort and style.

Our furniture is durable and beautiful, and made from the very best poly lumber in the industry. We utilize stainless steel hardware and solid components, including a brand new swivel design, which we are glad to say is manufactured in the U.S.A.! What you see in our furniture line is a rich heritage of experience and craftsmanship displayed in our truly innovative designs, which we believe are incomparable in this industry.

Each day our team strives for excellence, and every new year our goal is to faithfully maintain the quality and customer service that we've always held ourselves to, with each and every valued customer in mind. That is you! And without you there would be no inspiration to grow in our craft and our vision for the years ahead. Many of our designs were born of the truly wonderful and valuable suggestions for improvement that you have provided. We listened, we implemented those improvements, and all of our customers have seen and have benefited from the end results. So we thank you, our customers, for without you we simply would not have the quality designs that we now present to you here.

In recent years we have introduced several new products including our Swivel Gliders, Folding Adirondacks, and our Brunch / Buffet Table with Saddle Stools all of which have instantly joined our ever growing list of HTC Best-Sellers! We are adding two NEW WoodGrain Poly colors this year, resulting in even more wonderful and beautiful options for your outdoor furniture!

Lastly we have some very exciting news for you! At the time of this writing we have received final approval to begin our latest production and warehousing expansion right here on our existing HTC property, and we hope to have this completed by March of 2020!

As always, we are thankful to you and committed to you in bringing the very best in HTC products and customer service throughout the remainder of this year and into the year 2020 and beyond.”

- Jonas & Levi Hostetler
“WHAT OUR CUSTOMERS ARE SAYING”

“Always a pleasure working with Hostetler Tables & Chairs for all of our Polywood outdoor furniture needs. Attractive, functional designs at competitive prices. And they always have our orders done on time with pinpoint accuracy!”

Christopher C. Carte
The Wood Carte
Queensbury, NY

“Our company has been doing business with Hostetler’s for ten years now, and have found their furniture to be the best in comfort and craftsmanship of any in the industry. The Hostetlers have the utmost integrity and it is indeed a pleasure working with them. I highly recommend Hostetler Tables & Chairs!”

Dar Highlen
Dar’s Porch & Patio
Fort Wayne, IN

“Always a pleasure working with Hostetler Tables & Chairs for all of our Polywood outdoor furniture needs. Attractive, functional designs at competitive prices. And they always have our orders done on time with pinpoint accuracy!”

Bill Frauhiger
Eyes On Him Marketing / Premier Poly of SE Michigan
Macomb, MI

“There are four other stores in my area where poly furniture is sold. When folks see the HTC products I carry, they’ll sometimes check out the other stores and the poly furniture they carry. They inevitably come back to this store and purchase HTC! I’ve had nothing but happy customers.”

Greg Henline
Southwest Trading Company
Spruce Pine, NC

“‘It has been my pleasure and privilege to work with the Hostetlers in showcasing their brand of products for the past 6 years. The exquisite quality and unique design of their furniture shows plainly, and knowing how hard they work to satisfy every customer has made me one as well! Everyone I show the HTC line to is truly amazed by the beauty and comfort of every design. I am blessed to enjoy these fine products along with my family, friends and customers, and I’m certain that the Hostetlers will be even more successful this year. I am very pleased to introduce HTC to the fine folks here in Michigan. They deserve the best, and this is it!’”

Bill Frauhiger
Eyes On Him Marketing / Premier Poly of SE Michigan
Macomb, MI
Hostetler Tables & Chairs uses the highest grade of poly lumber. Made of High-Density Polyethylene or HDPE, it has a wide array of benefits.

Among them are:

- Smooth feel
- Dense, durable material
- Resists cracking, splitting, and mold
- Very low maintenance (cleans up with non-abrasive soap & water)
- UV stabilized color throughout the material which resists fading
- Environmentally friendly product that is made from recycled plastic products
- Comes in a wide variety of colors, from earthy woodtones to rich, dark hues and vibrant colors.

* New for 2019: WoodGrain Poly! (See Page 39)
WHAT IS OUR POLY LUMBER MADE OF?

The Poly Lumber we use in making all of our quality hand-crafted furniture is made of High Density Polyethylene (HDPE). This is the raw material base used in the manufacturing of all our raw lumber. HDPE makes up on average 96% of the product. The remaining 4% is colorant with Ultra-Violet inhibitors as well as blowing agents. There are absolutely no other products added into this lumber such as wood pulp, wood fiber or fiberglass.

The feed stock of HDPE that our lumber source incorporates into their product is currently derived from Wide-Spec material which is the off-spec / scrap material from refineries. All material that is used in their product would be landfill bound if not for companies like ourselves that can use this waste to make a useful, high quality, hand-crafted product. Hostetler Tables & Chairs indeed “Thinks Green”.

A continuous extrusion process is used to produce all our plastic lumber. The plastic pellets, colorant and foam are combined before being fed into the extruder. Once this mix has been melted it flows thru dies that form the plastic into the desired size. These boards then travel through a series of cooling chambers and tanks before entering a saw that cuts it to length. The boards are then packaged on pallets for shipping . . . to us!
Hostetler Tables & Chairs manufactures a variety of attractive, innovative designs that will provide years of comfort and enjoyment.

Our products will prove to be in style for many years to come, and we are always looking to bring you new and improved designs!

Here are just a few of the many features:

- Unitized construction - (No assembly required)
- Minimal exposed hardware *
- Our furniture withstands the harshest conditions, and can be left outside all year long
- Accessories are available for select pieces
- Environmentally friendly product that is made from recycled plastic products
- Our products are made in a wide variety of solid colors, from earthy woodtones to rich dark hues. Exciting, vibrant colors and many two-tone combinations.
  * See our WoodGrain Poly on Page 39!

* You’ll see a very minimal amount of exposed hardware in our designs. In our Daisy Collection, Snuggle-Back Collection, & Comfy-Back Collection, most of the screws & bolts are hidden, which is vastly different from what you will see in most of our competitor’s products.

* At HTC, we custom shape the edges on each piece of poly lumber. We custom shape every single slat, from the seat to the back assembly all the way down to the leg assembly. In contrast, our competitors typically construct their furniture using the Raw Poly Lumber as it comes with it’s original factory edges.
WHICH OF THESE WOULD YOU RATHER OWN? . . . THEIRS OR OURS?

“We’ve taken some good ideas from our customers such as removing the screws from the top of the arms on our chairs. From there we have made many more improvements and we have succeeded in producing products that are more appealing and better by far. We give credit to our customers!”

- Jonas Hostetler
“STYLE, VARIETY, QUALITY . . .”
HANDCRAFTED EXCELLENCE
“... AND SO MANY POSSIBILITIES”
THAT’S THE HOSTETLER DIFFERENCE
“THE WOODLAND ROCKER”

“UNIQUELY OURS . . . A MASTERPIECE OF COMFORT AND QUALITY”
“The Woodland Rocker Story”

Our Woodland Rocker was designed back when we were still working with wood. We made this rocker in hickory, oak, and cherry woods. Our Woodland Rockers have been a customer favorite for over 15 years and they are still our best-selling product.

It’s stability, smooth rocking motion, ergonomically comfortable back design, and aesthetic appeal have ensured that this piece will be around for years to come.

The Woodland Rocker is one of the most evident proofs of our fine craftsmanship and quality, and further defines why we say there truly is the “Hostetler Difference”.

Jonas D. Hostetler
Our "Daisy Collection" chairs and tables are another of our best-selling designs. Our Daisy Chairs feature a scalloped back with a comfortable, contoured roll-down seat. The traditional leg design provides stability, adding to its comfort and appeal.

BROWN ON BIRCH DAISY SIDE DINING CHAIRS, DAISY ARM DINING CHAIRS WITH 44” X 72” OVAL DINING TABLE
Our “Daisy Collection” chairs and tables are another of our best-selling designs. Our Daisy Chairs feature a scalloped back with a comfortable, contoured roll-down seat. The traditional leg design provides stability, adding to its comfort and appeal.
THE DAISY COLLECTION
“OUR NEW WOODGRAIN POLY FURTHER ENHANCES THE BEAUTY OF THIS LINE”

“EXPERTLY CRAFTED IN BROWN ON NEW WOODGRAIN BIRCH POLY, THIS CLASSIC DINING SET DISPLAYS A FRESH NEW BEAUTY FOR THIS HTC FAVORITE.”

Here are all of our solid colors, along with our most popular color combinations. We can also produce any number of custom combinations of your choice!
All of our Poly Furniture is made from high-density polyethylene (HDPE). It contains an added UV protective agent that resists fading. It never requires painting or staining, and will not promote bacterial growth. This durable material also stands up to the harshest outdoor conditions, will not rot or splinter, and is not affected by most corrosive substances.

In order to maintain the beauty of your furniture, clean it regularly with non-abrasive soap and water. Most colors require cleaning several times a year, however some colors such as white and other lighter colors may require more frequent cleaning. In the event that your furniture shows signs of heavy soil or stains, it also may be necessary to spray it with a non-abrasive cleanser. You may then scrub it with a soft bristle brush or use a high-pressure power washer.*

* Pressures should not exceed 1500 psi, and you should always keep the spray nozzle no closer than 8” to 12” away from the surfaces. Finish up with a rinse of warm water.

Never place flower pots or any items on your furniture that will leave stains, and never place extremely hot items directly onto the furniture to avoid any possibility of melting.

The fasteners we use are all stainless steel and naturally resist corrosion, but use caution in extreme conditions such as coastal regions. We recommend that you regularly rinse it with fresh water to ensure the longevity of your furniture and fasteners.

Properly cared for, your fine Hostetler poly furniture will provide many years of comfort and enjoyment!

Jonas D. Hostetler
Hostetler Tables and Chairs warrants to the original purchaser that its polyethylene outdoor furniture products will be free of original defects in workmanship and materials for a period of twenty (20) years of residential use or five (5) years of commercial use unless otherwise noted in this warranty. This warranty is effective starting on the date of purchase.

At its option, Hostetler Tables and Chairs will repair or replace this product without charge for materials and labor, providing our inspection indicates that an original defect does exist. Should Hostetler Tables and Chairs choose to replace the product, and the product is no longer available at the time warranty service is required, a substitution of similar performance and equal or greater value will be made.

Polyethylene is a synthetic product and may scratch or fade slightly when exposed to sunlight, or stain after prolonged contact with other substances. Some expansion and contraction is also to be expected due to extreme changes in humidity and temperature. The aforementioned shall not be considered defects in materials or workmanship and are not covered under this warranty.

Stainless steel fasteners are warranted not to fail structurally for the applicable warranty period. Stainless steel may rust in certain extreme conditions (such as coastal areas) if not maintained. This warranty does not cover rusting fasteners or structural failure due to rusting fasteners, damage caused by unauthorized service or repair, alteration of this product, abuse or misuse, normal wear and tear on materials, or any attempt to use the product in a manner or for a purpose other than for which it is customarily intended.

This warranty also does not cover scratching or chipping of the polyethylene, however, this warranty shall not limit any warranties made by the manufacturer for such items which may extend to you.

Swivels are warranted not to fail structurally for five (5) years of residential use and five (5) years of commercial use.

Hostetler Tables and Chairs makes no warranties other than those which are specifically described herein. Some states do not allow limitations of implied warranty so this limitation may not apply to you. In that event, any such implied warranty is limited to that required by law.

The only remedy provided in this warranty is repair or replacement of this product. Any cost of shipping and handling shall be paid by you.

To file a warranty claim please contact your local dealer.
